Quick Ship Guide

How to:

The product configuration code in this document represents the different products and options available for this Quickship program. The max order size refers to maximum quantity of products that qualify for the "Quickship lead-time" of 5 business days.

As this guide provides ordering codes only, we invite you to review the individual technical specification sheets for the product at www.louispoulsen.com for complete, and detailed information about each product.

Policies

E-mail all Quickship orders to fdorderentry@louispoulsen.com. Any order sent via fax or directly to a person's email address, cannot be guaranteed a "Quickship lead-time."

Please indicate "QS" as the first two letters of the product configuration on each qualifying line item of your PO. All qualifying Quickship line items will be processed as such unless otherwise instructed.

If an order is received with both standard and Quickship items, the Quickship items will be scheduled to ship separately, unless otherwise instructed. Please indicate "SHIP COMPLETE" if you prefer all items ordered to ship with the longest lead time.

The estimated ship dates are determined per the following: If a complete order is received by 11:00 AM EST on Monday, the delivery will be within 5 days from the PO date. Orders received later than 11:00 AM EST will be dated the same day, however the 5 days "Quickship leadtime" will start from the following business day.
