

PERFORMANCE LIGHTING

Understanding Light Pollution

PIL 001

AIA Continuing Education 1 LU|HSW

In this course we will cover the importance of designing exterior spaces with a dark sky in mind and what qualifies as dark sky compliant. We will also discuss the impact of artificial lighting on humans and wildlife alike and take an in-depth look at what "turtle friendly" lighting is and how to achieve it.

At the end of this course, participants will be able to:

1. Understand the affects of artificial light pollution on humans and wildlife
 2. Understand the rules around Dark Sky compliant lighting
 3. Understand the rules around Turtle Friendly compliant lighting
 4. Understand how to design exterior lighting with humans, wildlife and nature in mind
